## Setting the standard for Professional Grade decorative lighting.

Benchmark is a superior 120V LED system of components designed for the professional decorative lighting industry. Our light strings are manufactured with a higher quality construction and Pro Grade LEDs that produce consistent color and performance.

Pro Grade Bin Selected LEDs

Weather Resistant Design

Widest Color Options

Less Lumen Degradation

Standard Plug & Twist-Lock Coupling

Molded Husk & Epoxy-Filled Husk

**BENCHMARK**

### Coupling Series

Featuring our Pro Grade LEDs, The Benchmark Coupling Series introduces a twist-lock coupling connector and power adapter wire with a built in high-power rectifier to provide greater resistance to GFCI tripping.

**VERSALINE®**  
24V • SAFE • ADAPTABLE • CONTROLLABLE

## **A versatile and weather resistant low voltage system designed to easily create dazzling displays**

Explore endless display possibilities with this safe 24VDC low-voltage, weather-resistant system. The patented multi-channel infrastructure & controllers provide an effortless way to customize your light show and expand your system using any one of our unique Versaline lighting products.

**Safe low voltage system**

**Easy twist-lock connections**

**Multi-channel control options**

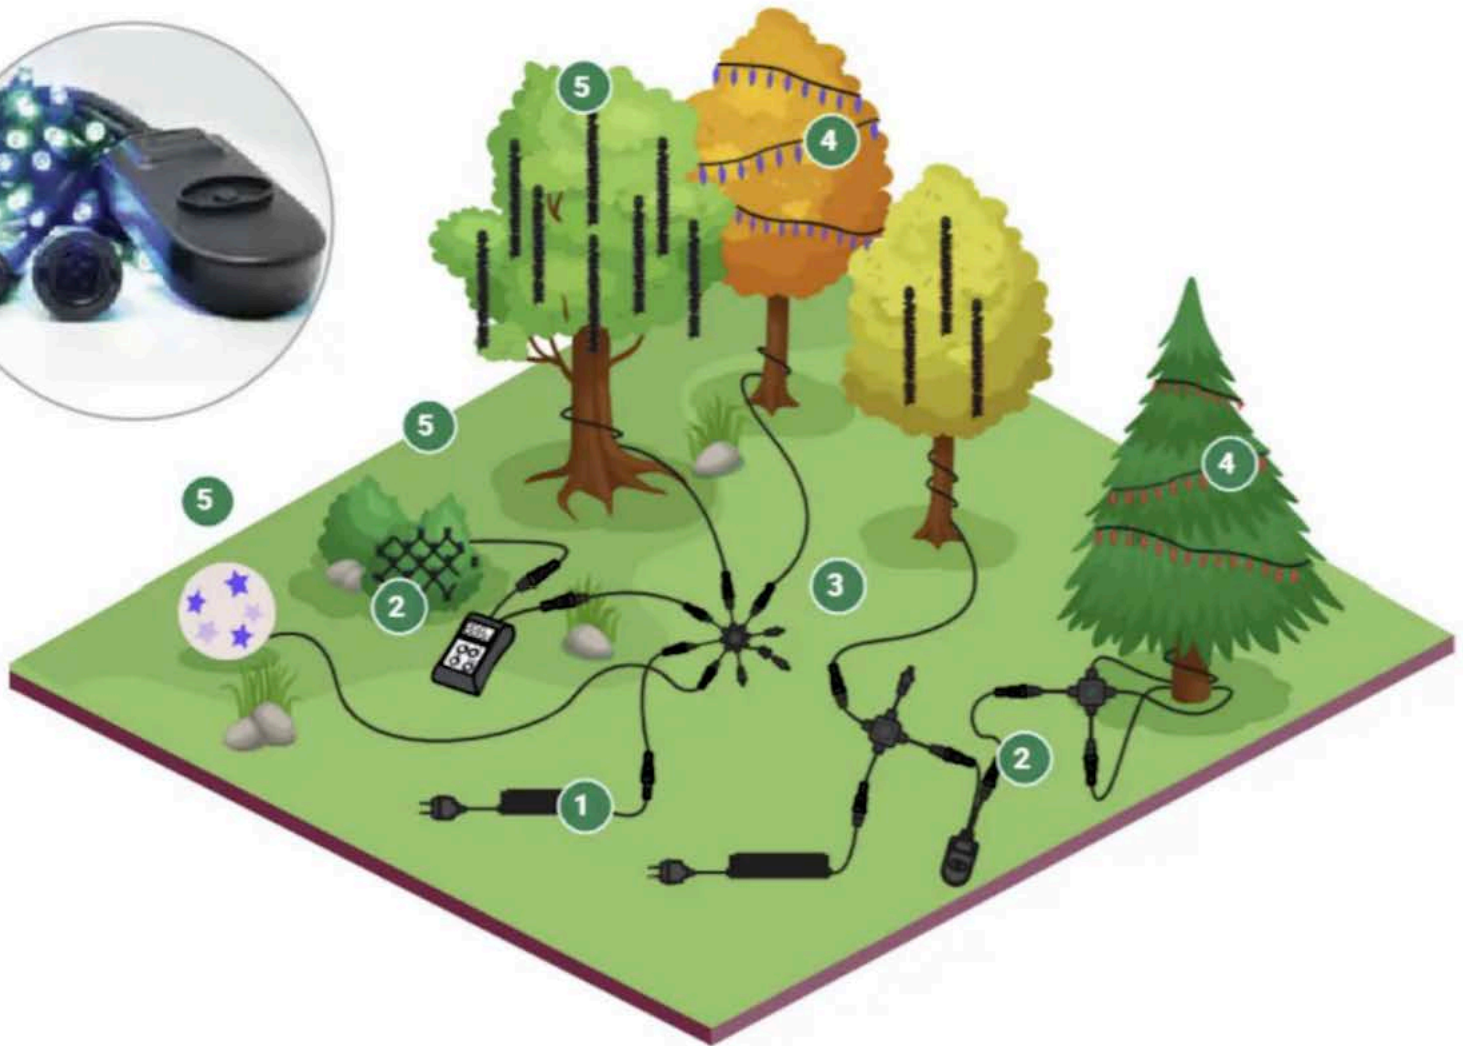

**Less GFCI tripping issues**

**Flexible infrastructure options**

**Quick-change light forms**

## Expand Your Possibilities with Versaline

Explore endless possibilities with our 24VDC low-voltage, weather resistant system. Proprietary twist-lock connectors allow for quick installation with water-tight connections. The patented multi-channel infrastructure & control systems provide an effortless way to customize your light show and expand your system with any one of our unique Versaline lighting products. A variety of options: colors, built-in effects, controllable animations, light formations durability and warranty – are the reasons this line is so versatile to the decorative light professional.

- 1 Power Supplies** - Offered in low voltage 12W, 24W, 72W, 100W, and our 60W Landscape adapter.
- 2 Controllers** - Low and High Power Control options for 1 or 3-Channel products. Program up to 10 effect functions along with speed and dimming options.
- 3 Infrastructure** - Features a wide variety of power extension cords, splitters, and multi tap extension cables.
- 4 Single or Multi-Channel Light Strings** - Available in a wide variety of colors and effects
- 5 Beyond String Lights** - Compatible with our Versaline Net Lights, Icicle Lights, Supernovas and much more.
