## ENDORSEMENTS DEFINITIONS

**Agreed Value** – If shown on your insurance schedule we guarantee to pay the hull and machinery sum insured agreed in the event of a total loss or constructive total loss claim. Agreed value will only be applied once we are in receipt of proof of purchase (if within the last 12 months) or a valuation and recent photographs of the vessel and said documents have been approved by us. Until these documents are approved the policy will be one of indemnity/market value (See Market Value definition in Words With Special Meaning). To maintain this coverage a fresh valuation is required every two years. Hull and Machinery coverage is limited to the valuation amount.

**Breach of Warranty** – Cover is endorsed to include the satisfaction of any loan balance outstanding from an authorised source, subject to their prior listing on the policy schedule, for any unwarranted constructive total loss up to the maximum sum insured payable after applicable deductibles – whichever is the lesser.

**Builders Risks** – Builders risks to apply including sea trials within one-mile radius of either the boat yard or home port for vessels undergoing construction or complete restoration.

**Commercial Fishing** – Cover is extended to include static fishing and the use of nets, pots, lines etc. but does not include loss or damage to any fishing gear by any cause whatsoever or any liability arising from the positioning of such gear. It is also warranted that the insured and/or the insured's qualified skipper be always on board and in control of the vessel when so used.

**Diving Parties** – Cover is extended so that the vessel may be used for charter diving parties, but cover does not include liability to or any of the divers whilst in the water. It is also warranted that the insured and/or the insureds qualified skipper be always on board and in control of the vessel when so used.

**Houseboat/Live-aboard** – Cover is extended to allow residential occupation by the insured and/or the insureds family or as otherwise advised and accepted by us.

**New For Old** – If shown on your policy schedule then in the event of a claim we will replace with the new equivalent any equipment damaged beyond economical repair that is up to five years of age where proof of age or purchase can be provided.

**Night Navigation** – Cover is extended to include navigation between the hours of sunset and sunrise. Any policy excess applicable to all sections of the policy will be increased by fifty percent (50%) whilst the vessel is being navigated during these hours (whether under way or at anchor). All other policy terms and conditions apply.

**Non-Emergency Towing** – Cover is extended to include the cost of towing your vessel to the nearest safe port or haven following a mechanical or electrical failure up to the limit as specified on your policy schedule in any one policy period and subject to the deductible listed for every claim.

**Racing Risk** – Permission is given for this vessel to be used for racing as per the terms and conditions of these Yacht Clauses under Section 6.

**Single Handed Sailing** – Permission is given for this vessel to be sailed single handed by the owner or any person whose details of experience etc. have been submitted to and accepted by us within the geographical limits authorised on the schedule. Subject to the terms and conditions of these Yacht Clauses.

**Storm Cover Force 7 to 12 (Standard Storm)** – Cover extended from the Beaufort Scale maximum of Force 6 to a maximum of Force 12 but excludes all named and numbered windstorms and flooding. All other conditions apply.

**Storm Cover Force 12+ (Full Storm)** – Cover is further extended subject to already having the endorsed Standard Storm to include wind speeds in excess of Force 12 and all named and numbered windstorms as well as flooding. All other terms and conditions still apply.

**Storm Preparation** – Cover is amended to waive the sufficient space to avoid toppling and mast removal requirements when lifted ashore as part of your storm preparation coverage conditions. In the event of a storm claim the storm policy excess/deductible listed on your policy schedule is doubled. All other conditions apply.

**Taken Ashore** – It is warranted that the insured vessel will be taken and kept ashore on all occasions after use and in any event overnight and kept in a locked building.

**Unattended** – If shown on your policy schedule then we will provide cover when the vessel is left unattended at anchor for a maximum of 8 hours. Subject to satisfactory and suitable anchor arrangements and weather conditions.

**Uninsured Boater** – If shown on your policy schedule then we will provide cover in respect of any sums which you are legally entitled to recover from a third party vessel, owner or operator, but which cannot be recovered due to the third party having no marine liability insurance, no realisable assets or they cannot be identified. You should review your policy on a regular basis to ensure that the cover provided is adequate for your requirements.

For details of the full cover provided please read the policy wording together with the policy schedule, your original application, the signed warranties and conditions form and any endorsements or conditions applied.

This policy is issued in reliance upon the truth of your representations during the application process and it includes all agreements existing between you and us or any of our representatives.

### Understanding what is not covered.

Section B of this document sets out the cover we can provide you with. You will need to decide if the limits, type, and levels of cover are appropriate for you and will cover your potential loss. If they are not, you may be underinsured which will result in you having to bear part of any loss that you have not covered yourself. Not everything is covered by this insurance policy, limits and conditions apply. It is important that you read this document carefully so that you can understand what is covered and the limitations. Remember that your policy is not a maintenance or breakdown contract. It is up to you to ensure that all measures are taken to maintain your **vessel** and **machinery** in a condition conducive to its use and failure to do so could result in a claim not being settled and/or the policy being cancelled from inception. Read the words with special meaning to ensure that you understand what we mean by terms used in relation to the cover that we provide. For example, '**Market Value**' is a defined term that affects what we cover you for. Make sure that you understand what we specifically exclude. Each cover has specific exclusions that apply to it. You should also ensure that you comply with the general conditions and claims conditions of the policy which set out certain obligations that you have. Failure to comply may result in a refusal to pay a claim. We will only cover your interest in the **insured** property unless we specifically include the interest of a third party on your **policy schedule**. The terms of your **policy** and premium are based on the information you have provided to us. You must ensure that all facts given are correct and you must contact us immediately if there are any changes to the information you have provided or at any time that you discover that the information is incorrect. Examples include but are not limited to:

- i) Changes in conditions, **market value** or use of the **vessel**.
- ii) Criminal charges or convictions of any person having an interest in the **vessel**.
- iii) Changes in mooring location or type of mooring for the **vessel**.

A failure to provide full and accurate information may invalidate your **policy** and may result in part of a claim not being paid or the entire claim not being paid. If you are in any doubt, please contact us to ensure that you are and remain fully covered.

## Excess/Deductible

If you make a claim under your **policy**, you may first have to pay a **policy excess/deductible**. We will pay the relevant amounts that we cover you for above any **policy excess/deductible**. You will be required to pay us any **policy excess/deductible** applicable prior to us dealing with a third-party claim. We will specify any **policy excess/deductible** on your **policy schedule** when we issue cover.

## Language

Unless otherwise agreed in writing the language of your policy and any communication throughout the duration of the policy will be in English.

## Law and Jurisdiction

If your **policy** is underwritten by ION Insurance Company Inc then your **policy** shall be governed by and construed in accordance with the law of the United States of America and the courts of the United States of America shall have exclusive jurisdiction to settle any dispute or claim arising out of or in connection with your **policy** or its subject matter or formation (including non-contractual disputes or claims) unless specifically agreed to the contrary.

If your **policy** is underwritten by ION Insurance Group SA then your **policy** shall be governed by and construed in accordance with the law of Costa Rica and the courts of Costa Rica shall have exclusive jurisdiction to settle any dispute or claim arising out of or in connection with your **policy** or its subject matter or formation (including non-contractual disputes or claims) unless specifically agreed to the contrary.

## Data Protection Notice

To consider your request for insurance cover or administer subsequent dealings in respect of your **policy** we must process your personal data and where appropriate your 'sensitive' personal data and in doing this we will comply with the provisions of any applicable domicile data protection act. We may check and/or pass some or all the personal information we obtain in connection with your **policy** or claim to our appointed service providers to administer the **policy** or for underwriting and claims handling purposes. We may also pass some or all the personal information to regulatory or other organisations, so that we can comply with our obligations, and we may also pass on some or all the personal information to databases and fraud prevention agencies.

## Premiums and Claims

All premiums are handled by us or on our behalf by our agents. Claims are initially handled by us and will be passed to the underwriting Insurer for approval prior to settlement.

## Contacting Us

We are only able to discuss your policy with the person(s) shown on the policy schedule. If you require someone else to deal with your policy on your behalf, please contact your broker or us at the address shown on page 3.

## Applying for Cover

To apply for this insurance, you must complete our application/proposal form and send it to us. Depending on the information you provide on your proposal we may ask you for further information. When completing the proposal or providing us with additional information in relation to your proposal, you must comply with your **duty of disclosure**. Please refer to the **Duty of Disclosure** section of this **policy**. Where we agree to provide cover, we will issue you with a **schedule** of insurance which sets out:

- i) The period of insurance.
- ii) The **vessel** and/or property covered.
- iii) The limits of those covers.
- iv) The **excesses/deductibles** that will apply to you or others.
- v) Any variation to the standard terms.

The premium that we charge you is based on several factors including your risk profile (e.g., where your **vessel** is located, the type of **vessel** being **insured**, its value, **navigational limits**, and your insurance history etc.) It includes any amounts that consider our actual or estimated obligation to pay any relevant government charges in relation to your **policy** as well as any additional service charges that we tell you about. We will tell you when you apply, what premium is payable, when it needs to be paid and how it can be paid. Additional charges do apply if you pay your premium by instalments. Special conditions also apply to instalment payments as shown on your **policy schedule**.

You may be eligible for a no claims bonus which is a discount off your premium. The no claims bonus you receive will depend on the number of years you have **insured** your **vessel** and the number of claims that you have had. You are eligible for a no claims bonus if you have experienced no claim against a pleasure craft **policy** for at least 12 consecutive months of cover. The no claims bonus discount is as follows:

- 1 year = 5% Discount
- 2 years = 10% Discount
- 3 years = 15% Discount
- 4 Years = 20% Discount (30% renewals only)
- 5 Years = 20% Discount (40% renewals only)

If you make a claim against your **policy** your no claims bonus would revert to zero for the following renewal and will be earned again year on year as per the details above

## Cooling off Period

You have a cooling off period which means you can return your policy within 7 days of the commencement of the cover, and we will refund the premium paid less any charges unless you have made or are entitled to make a claim under the policy, or another party is entitled to make a claim against you for which you intend to rely on your policy. After the cooling off period ends you can cancel the policy by notifying us in writing. For full details of your cancellation rights please see full details of cancellation rights under Section 10 of this policy wording.

## Your Cover

Where we have agreed to cover you, your **policy** will consist of:

- i) This product disclosure statement which sets out details of your cover and its limitations.
- ii) The **policy schedule** we issue to you, which shows the terms and conditions that apply specifically to you such as the **excesses/deductibles** that apply, the **sums insured**, the **navigational limits** of your **policy** and the endorsements that apply to your **policy**.
- iii) Any additional endorsements issued and the signed warranties and conditions form.

You should carefully read and retain this document, the **schedule** and any other document referred to above. These documents should be read together as they jointly form the contract of insurance between you and us. Any new or replacement **schedule** we may send you detailing changes to your insurance contract, or the period of insurance will become the current **schedule**, replacing all previous **schedules** from the date of issue. Any new and amended **schedules** should be read carefully and retained. Should you find any errors or wish to make any changes to the cover in any way please contact your broker or us immediately in order that they can issue the relative endorsement. We cannot be held responsible for any oversight on your part unless advised. Where we have agreed to cover you, we will insure you for the cover(s) specified on the **schedule** for the period of insurance on the basis:

- i) That you have paid the premium or agreed a payment plan for the cover(s) you have selected when you applied for this insurance and which the **schedule** indicates are in force.
- ii) That the **insured vessel** is for private pleasure use only. Coverage is not provided for charter, lease, or any other commercial activity unless agreed by us and shown on the **schedule**.
- iii) Of the verbal and/or written information provided by you which you gave having been advised of your duty of disclosure either verbally or in writing. If you failed to comply with your duty of disclosure, we will be entitled to reduce our liability under the policy in respect of a claim to zero and/or we may cancel the policy. If you have deliberately misled us or told us something which is fraudulent, we also have the option of voiding your policy from the beginning and/or taking legal action against you. For your assistance, we have provided a full explanation of your duty of disclosure and the consequences of non-disclosure under the heading 'Your Duty of Disclosure' in this policy wording.

**7.13** If you sell, transfer, or give away your **vessel** the cover will cease to apply upon completion of the sale, transfer, or disposal unless you decide to transfer the remaining period of insurance cover to the new owners. **7.15** If stored ashore as part of your windstorm provisions, it is required that **vessels** are tethered/secured to the ground, have the mast and rigging removed and safely stored with sufficient space between the **vessels** to prevent contact should they topple over. A catamaran is not required to remove the mast and rigging, however in the event **damage** is caused to the mast and rigging by flying debris that would not have struck the mast had it been removed and stored away safely then it would not be covered. Sufficient space should still be maintained between the catamaran and adjacent **vessels**.
